 - **Andrew Arcilla – Getting Discipleship into the Bloodstream of Your Church**
 - **Todd Bolton – Faithfully Preaching Christ from the Old Testament**

DETAILED DESCRIPTIONS OF SEMINARS ON REVERSE

SEMINAR DESCRIPTIONS

Seminar Sessions

- – Adrian Donato: *Christ Centered Preaching: Exegesis to Exposition*
- – Ryan Rippee Session Title: *Paterology: The Person and Work of God the Father*
Description: In this session, we will examine the *person* and *work* of God the Father. In doing so, we will consider his work in four stages: 1) planning salvation in eternity past, 2) providing salvation in redemptive history through the sending of his Son, Jesus Christ, 3) producing salvation in his elect through the pouring out of the Holy Spirit, and 4) perfecting salvation in the consummation of his kingdom for his own glory and the believer's joy. Finally, we will contemplate the Christian's proper response to the Father's work.
- – Jodi Ware Title: *Address to Women – "Fighting Fear" from Philippians*
Many women struggle with fear and anxiety. We will discuss some of the most common fears, and think together about battling them by looking at some indicatives and imperatives found in the book of Philippians. Our intention will be to grow in fearing the Lord, and in diminishing other fears.
- – Andrew Arcilla: *Getting Discipleship into the Bloodstream of Your Church*
In this session, we will consider the important task of promoting a culture of discipleship in your local church. We will look at Christ's mandate for discipleship and examine how this discipleship mindset might be practically reflected in your congregation, from leadership down to the youth. Getting discipleship into the bloodstream of your church may feel like an impossible challenge, but it is well worth the time and effort. It will greatly benefit your ministry long-term, both locally and globally.
- Tony Sanelli: *Philosophy of Christ Centered Worship*
- Todd Bolton: *Faithfully Preaching Christ from the Old Testament*
Attempting to faithfully preach Christ from the Old Testament is challenging. There are so many serious pitfalls that some advocate a wholesale rejection of preaching Christ from any Old Testament text that does not specifically mention the coming Messiah. However, preaching Christ from the OT does not need to be limited to certain books and passages. Instead, it needs the guardrails of careful exegesis and historical, grammatical hermeneutics. This seminar will show how these guardrails serve not to limit where Christ can be preached, but show how Christ can be faithfully preached throughout the OT.
